Dear David,

It was nice to hear from you and get caught up a bit. Pat and I are both delighted at the news of your becoming a father. That's great!

Griffin Bell did call last week and I must regret also to you that the dictates of my schedule and travel plans preclude my acceptance of an imminent Atlanta Rotary Club speaking invitation. Sorry it could not be otherwise; I would have enjoyed seeing you again.

Our best to Ellen and you.

Yours,

CHAIRMAN OF THE BOARD

Admiral Stansfield Turner
Director of Central Intelligence
Central Intelligence Agency

Dear Admiral Turner,

This morning I received a phone call from a friend of mine on the program committee of the Atlanta Rotary Club. The Atlanta Club, as you probably know, is a major forum in the Southeast, composed of the men who have built Atlanta over the last twenty years. They are very eager in this election year of international crises to have you speak to them, and Monroe Kimbrel, Chairman of the Federal Reserve for the Southeast, will be extending a formal invitation to you for June 16th, which I have asked your scheduling secretary to hold open, if possible, for a week.

I suspect that other members of the club who know you personally, such as Griffin Bell, will be getting in touch with you to urge you to accept this invitation. I am pleased and not a little flattered to be asked to participate as a go-between in this matter, since I am confident that your meeting with the Atlanta Rotary Club would be mutually beneficial, especially in this election year. Although this would certainly mean a dark blot against my Republican soul.

On a personal note: I was amused to see the recent cover of the Naval War College Review picturing Ken McDonald and John Hattendorf in their Oxford D. Phil. gowns looking every inch like bellicose snobs. I've received some fine letters from Ken who seems to be enjoying his return to Newport and the N.W.C. I am now the father of a little girl, which I enjoy being tremendously, and the schoolmastering appears to be going well.

May your work for the cause of freedom and for the protection of Western Civilization -- like Themistocles at Salamis and Charles Martel at Poitiers -- prosper.

With warm personal regards,

A handwritten signature in ink, appearing to be "David Hicks".
